There is solid research evidence demonstrating that **Vibrational and Energy Medicine is becoming a credible branch of Medicine** with respected scientists publishing scientific research results. Come learn what is included in this emerging field, how it works and the experts and evidence providing the solid foundation for its efficacy. You will also have an opportunity to try out a wide variety of the healing tools that Margie Mulligan uses in her practice, including **Sound Wave Energy CDs, Pyradym Instrument, Chakra Chimes, Moses Codes Tuning Forks, Quantum Touch, Healing Codes, Well Beam, and Russian made and tested Egyptian Healing Rods**. Come see why so many people are turning to vibrational and energy healing to complement or substitute for western medicine.

With a Ph.D. in social scientific research from University of Michigan, **Margie has been practicing energy and vibrational healing since 1987**, first as a part time avocation, for love, and more recently full time. She published numerous articles on Energy and Vibrational Medicine and participated in Colorado's metaphysical and healing fairs since 2002, most recently at the Denver Democratic National Convention's Yoga Health Festival in August, 2008. She has spent the last 20 years learning how to heal her self spiritually, mentally, emotionally and physically. She owns a practice in Fort Collins, and leads healing circles and workshops as well as a Pre-Dynastic Egyptian Mystery School in several cities throughout the state.
